

Modifying the LiveCycle Submit Button, Example

How it Works

*** - Required Fields**

☐

- * The Distribution List addresses will be added to the Blind CC (BCC). The email address is the export export value of the list item.**
- * The customer's email address will be added to the regular CC, if "Send a copy to the customer" is selected.**
- * All Code is placed in the example buttons below.**

Example #1: Single Button Solution	Example #2: Two Button Solution
